Now that we have received your application, what happens next?

1. You have applied for a degree program that is administered by SEIE, which has its own application review and acceptance procedures. Course registration and fees will also differ from state-support programs at SSU. All SEIE applicants are required to submit official (sealed) transcripts to the SSU Admissions Office. SSU transcripts will be on file. Undergraduate students must supply one official transcript from all colleges attended, whether or not any work was completed. Graduate program applicants will need one official transcript from each college you have attended within your most recent 60 semester units, as well as the transcript showing you have received a bachelor's degree (even if it is not part of your most recent 60 units).

You may send these transcripts yourself (provided they are still in their official sealed envelopes) or have the colleges send them directly to Sonoma State University. Please follow the instructions at <https://admissions.sonoma.edu/sending-transcripts-sonoma-state>

3. If you have questions about the status of your SEIE application, you may contact James Peavler, SEIE Admissions Specialist, directly at peavler@sonoma.edu.
