

Financial Affidavit for International Students on F-1 Visas

To receive an F-1 or J-1 visa, applicants must provide evidence that they have sufficient funds to cover their first year of study in the U.S. Costs indicated on the table are for standard undergraduate and graduate programs. Some graduate professional programs, such as MBA and credential, require higher tuition. Please refer to the program website for cost information if you are enrolling in a graduate professional program.

The California State University system (CSU) makes every effort to keep student costs to a minimum. Fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, the CSU must reserve the right, even after initial fee payments are made, to increase or modify any listed fees without notice, until the date when instruction for a particular semester has begun.

Please note that international travel and extraordinary personal expenses are not included in the cost estimate above.

Health insurance cost is based on age and the plan you choose. You can find out more information about the plans we offer here: <https://shorturl.at/lhKZu>.
