New Student Advising & Registration

Resource Packet

First-Time Transfers (FTT)
Starting Spring 2024

HOW TO USE THIS PACKET

Welcome to Sonoma State University! We are excited to have you at SSU as our newest class of Transfer Seawolves.

IN THIS PACKET YOU WILL FIND

- Information about major advising on November 3, 2023
- Instructions for scheduling an advising appointment between November 6, 2023 - January 19, 2024
- Instructions for requesting permission codes, if necessary, for major courses
- Instructions for requesting permissions codes, if necessary, for upper-division GE courses

GENERAL INFORMATION ABOUT THE ADVISING AND REGISTRATION TIMELINE

- Incoming students who accept their offer of admissions and pay their enrollment reservation deposit by November 3, 2023 may attend the in-person NOMA Nation Orientation on November 3, 2023.
- Students who attend the in-person NOMA Nation Orientation will have access to in-person academic advising on November 3, 2023.
  - Incoming Lower-Division Transfer students who are Undeclared will receive academic advising from Professional Academic Advisors from the Advising & Transfer Center.
  - Incoming Transfer students who have a declared major will receive academic advising from Faculty Advisors from their academic department, e.g., if you are declared Business Administration, you will receive major advising from Faculty Advisors in Business Administration.
- Incoming students who do not attend the in-person NOMA Nation Orientation on November 3, 2023, and who need academic advising, will need to work with Faculty Advisors from their academic department for major advising.
- We recommend incoming students attend the in-person NOMA Nation Orientation on November 3, 2023, seek academic advising, and complete the assigned activity in Canvas prior to registering for classes.
- Incoming students who accept their offer of admissions and pay their enrollment reservation deposit will be given access to register (by appointment) starting the week of November 13, 2023. Access will be given on a rolling basis as incoming students deposit and will be based on the number of units completed.

HOW ACADEMIC ADVISING WORKS AT SSU

- In most cases, undergraduate students are assigned both a Faculty Advisor and a Professional Academic Advisor throughout their studies. These assignments are based on various factors, such as whether you are part of a designated special program or population; the number of units you have completed; your declared major or concentration; and whether your academic program, department, or school has a designated Program Coordinator and/or Professional Academic Advisor.
- To learn more about academic advising and our approach at SSU, check out: What is Academic Advising?
- Professional Academic Advisors predominantly focus on general advising, whereas the Faculty Advisors predominantly focus on major/minor advising. To learn more about the differences, as well as the role you play in academic advising, check out: Roles & Responsibilities
- To identify who your Professional Academic Advisor(s) and Faculty Advisor(s) are, we recommend starting here: Where to Seek Advising
